

Found Grey and White Kitten (North Doverwalmart area)

Location **Delaware**
<https://www.genclassifieds.com/x-513005-z>

Some friends found this little kitten as they were running..it followed them. Knocked on a few neighbors doors no luck. The kitten is well taken care of and knows how to use a litter box so It must be someones pet. We didnt want to just leave it outside...hope we can find its owner. Its very friendly.(Grey and white long hair kitten with grey mark on his.)
