

turtles and tortoises

Location

Delaware

<https://www.genclassifieds.com/x-513008-z>

I have a calico hypomelanistic Florida common snapping turtle that I have decided to rehome. She is not cheap. She'll produce some beautiful offspring one day. Measures in at 7in shell length. Taking offers...

I have a few 4 month old sulcatas. Can't get better than these. NOT fragile little hatchlings. Perfection.
