Location

2 Chinchillas (male)

Cage (shelf, ramp, metal hay basket, house, food bowl, water bottle, wheel)

Food (chinchilla pellets, cocktail snacks, cheerios)

Accessories (wood chews, hay, dust for bath)

The cage has wheels making it easy to transport. And a drawer underneath that can hold all the supplies. The chinchillas are brothers, cannot be sold separately. 11 months old. Never bitten. Absolutely nothing wrong with them or the cage. Very low maintenance. I already own another male chinchilla and am selling these two so I can afford a female. Willing to negotiate about price.

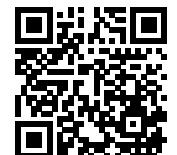

I can print out instructions and answer any questions you have, feel free to contact me by (relay) email or phone
