LOOKING FOR A NEW SHED THEN COME SEE US BEFORE YOU BUY ANYTHING,
IF THE QUALITY AND THE PRICE MATTERS TO YOU - THEN CALL US
WE DELIVER TO YOU

WE manufacture hurricane resistant custom storage sheds / buildings. A large shed selection or can manufacture one to your custom size and layout. You pick the color. . . All of our Vinyl siding or hardie board sheds (Buildings) meet building codes and are manufactured with an all 16 inches on center frame, wall studs, floor joist and trusses with a cross brace on every wall that is required in home code for its strength and integrity in structure. An all pressure treated floor and thermo-ply insulation on your walls and for your roof you'll get 1/2 inch plywood with 30 grade felt and shingles or upgrade to Standing seam Galvalume steel roof. . . Known for its superior resistance to wind damage. These sheds have been City and State certified and are The ONLY sheds sold to have a hurricane tolerance wind load of 180 MPH of Exposure class D of hurricane gust wind damage . . . specifically assigned for South Florida coastal areas and the only ones that meet the Florida keys strict wind load classifications of exposure D (Exposure C won't do). These sheds can be installed legally right on the coast line... This is how well constructed these

sheds are... These are real buildings not your grandmas shed.. so you can turn them into a pool house, home office and bar room or into a car or motorcycle garage or use simply as storage.. given how much the space in your yard... We design and build a building without any pressure treated wood.. you will never see your customer in the construction industry that build shed.. Sheds are a better construction quality and more than the rest.. the shed market is growing market... that's why we chosen more often by architects, government and the general public.. Open 7 days 9 to 5:00 pm... We

we can need your privileged business. We also move sheds and deliver. We have un-obstructed access for delivery truck and shed. Crane is an extra charge if needed.. We custom manufacture any size up to 7200 sq ft.

COME VISIT ME! At 18005 S. DIXIE HWY. FL 33157....on the northern boundary of US 1, two blocks west of the intersection of US 1 and Dixie Hwy. I-95 is just 1/2 mile west.

Call me any time!!...
