Since my last post was a success I decided to post again! Im looking for college girls of any race / type for simple foot fetish work. The gig itself is simply allowing me to massage and worship one's soles for half an hour. No sexual contact is made in any way and you will be compensated \$50 cash in hand for your time.

Please feel free to email me back with any questions you have/ availability. Id be looking to find someone to do this to regularly, and I promise you im just a big dork that really likes feet :)

Take!
