Hi I'm currently looking for a place to rent. I work on the slope as a housekeeper 3 weeks on 3 weeks off. Currently I live in the village but wanting to move to anchorage it the valley. I've never rented before so I will not have any references. I'm really just looking for a place to lay my head down while I'm on my r and r. I won't have much as I live in the village . It would take a couple of months to have the right means for down payment. I prefer to pay month to month no
