USED Bruno ASL-250 Electric Wheelchair/Scooter Lift in very good like new condition. You can do a search for more information. It is set up for category 2 receiver hitch and you will need a adaptor for category 3. I could not find a way to lower base after it is all the way down when in my high receiver hitch. Your hitch will need to be 17 inches or lower to use with out a lowering device. This lift new has a mfg recommended price of 2500.00 and new can be bought for around 1800.00 plus tax. This lift is near new condition and priced at a reasonable 775.00. Price is firm. I ALSO HAVE A GOLDEN ELECTRIC SCOOTER and a scooter cover listed separately shown in last 2.
