After many sold out classes in multiple cities, we are happy to be offering this valuable class in your area! The COMPLETE Guitar Repair & Set-Up Clinic
 Are your strings too high or too low?
 Is your guitar in tune in one position and out of tune in another?
 Do you have an important recording date or live show?
 Are you getting fret buzz?
 Would you like to save money on regular guitar maintenance?

LEARN THE ART OF GUITAR REPAIR, SET-UP AND MAINTENANCE!

Bring your electric or acoustic guitar or bass to this hands-on clinic and learn to work on your instrument with our technical specialist who has over 25 years of repair and building experience.

During the clinic we will cover:
 Truss rod adjustments
 Action adjustments
 Intonation adjustments
 Tuning machine maintenance
 Secrets to making your guitar stay in tune longer
 ...And many other techniques to make your guitar play like new.
