

# LICENSED PROFESSIONAL DAY CARE amp PRESCHOOL (Bloomington)

Location **Minnesota**

Looking for personalized home day care or preschool for your child? Call me today! I am a former teacher doing day care and preschool in my Bloomington home, and I have immediate full-time openings for children age 2 to beginning of kindergarten. We have lots of singing, books, arts and crafts, and a loving, nurturing environment. I use a professionally designed preschool curriculum which complies with our state's early learning standards. I like to give individual attention to all children and treat them like they were my own--I don't use the 'one size fits all' approach. Questions and input are always welcome. My rates are reasonable--much less than commercial preschools and day care centers--and I offer the first week FREE to all new clients. I can provide references and we can talk about your questions. Please text me during daytime hours, or call or text during evening hours. I am accepting only full-time children at this time--no part-timers, please. I look forward to talking with you!
