Center for Health Policy at IUPUI (Indianapolis, IN)

We are looking for young adults ages 18 to 25 who live in Indiana to attend a focus group or participate in an interview in the Indianapolis area. We are specifically looking to speak to individuals who are not enrolled in a college and don't have a college degree. We will be asking about your thoughts and opinions related to drug and alcohol use among people in your age group who are not in college. We will not be asking people to speak directly about their own personal alcohol and drug use. We are interested in speaking to anyone in this age group whether or not you have ever drank or used drugs.

The focus group will last about 90 minutes and will be audio recorded. We will not record your name or any other identifying information. All participants will receive a \$25 gift card for their time.

If you are interested and want more information about the study, please reply to this message with the subject line "Focus Groups".
