Hi, I am a 27 year old experienced sketch artist seeking a female ranging from any experience level, amateur to professional, who I can sketch in the nude for a personal project I am conducting on the female figure to demonstrate how unique the human body is.

Pay will be based on experience and is very negotiable. Payment will be made on the day of the sketch. I will be able to provide copies of the final sketch for you.

Please reply if you are interested and provide some details about yourself as well as a few.
