2. Family screening: Before we send any of our applicants out on family interviews, we have met with the family personally, conducted a family meeting, created a job description and not only determined that they are a legitimate family looking for a nanny or tutor and have a safe environment, but also that they are a potentially good fit for the applicant we are sending.

3. Ongoing support: We are not a "headhunting" service that disappears after we connect you with a family. Whether it is assisting with a challenging issue or developing your resume in child development, education, role modeling or coaching, we are only a phone call or email away.
