Like I said, I need music. I'm hosting a grass roots kayaking race for the 3rd year and I need a band or a solo musician to play music for the awards party. I don't even really care what kind of music you play. This will be a pretty primitive place, your power is from a generator, and there won't be much of a "stage". Regardless it should be a good time, we can discuss compensation but it won't be much. Let me know if you are.
