I am looking for an apartment in Biddeford or Saco that will accept a well behaved dog. I have excellent references for both myself and dog. I always pick up after him and resent people who do not and spoil it for the rest of us. One bedroom or studio wanted, heat included. Single middle aged woman who is employed full time, now living in Portland but working in Saco. Would like to move in August or September so if you know of a vacancy coming up I could give first, last, and security to hold it until.
