

## Photography assistant needed (SLC)

Location

Utah

<https://www.genclassifieds.com/x-527431-z>

Strong or heavy guys needed to assist photographer with audition photo sessions with female models. We are a company contracted to take photos of models auditioning for bra ads. We photograph the models from the chest up with different bras on. We need guys to place your foot on the models belly, press down her stomach with your foot as far as it will go. This makes the chest area get larger causing better photos to be taken. We need guys that can apply enough pressure to get the results we need. Full/part time work available. Also need guys to travel with us to other cities out of state for audition photos in other areas. Starting pay is \$45 an hour for the right guys chosen for this. Will also consider small sized guys that can stand on the girls to get the job.
