Moving! Need this furniture gone like yesterday.

The bedroom set is a queen bed with built in lights. The bed has the night stands attached. The dresser has a built in mirror and there is a tv stand thing with two big drawers. It has wear and tear. There are some cracks in the mirrors on the furniture but the furniture itself is sturdy. I'm asking \$250 OBO for the entire set.

The coffee table and the end table are in okay condition. They do have scratches but are still really sturdy. Made out of wood. Asking \$100 OBO all together

Bathroom cabinet is a dark brown / black that hangs on the wall. It has 3 shelves - asking \$45

2 black night stands - asking for 20\$ each - minor scratches

Picture of black and white flower - 20\$ OBO

White picture frame - 20\$ OBO

Digital camera - ton of scratches but still works asking 50\$ OBO
