For rental is a cozy, private, all electric, 3 BR/2 bath cabin in the North Carolina mountains with one of the most spectacular views in Clay County! Central air/heat and ceiling fans in every room.

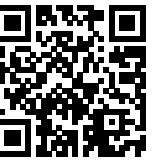

Hayesville is a wonderful little town reminiscent of Mayberry! Our cabin has a large screened in porch with rockers and a swing, outdoor dining table where you can relax, enjoy a glass of wine, grill some steaks and watch the sun set or have breakfast while watching the sunrise over the Nantahala National Forest mountain range. During the summer months, the local farmers and crafters set up around the courthouse square on Saturday mornings and sell their wares until around noon.

Furnished: all linens, dishes, cookware, utensils, microwave/convection oven, dishwasher, Mr. Coffee pot, toaster, crock pot, can opener, toaster oven, gas grill. One recliner in the living room has massage and heater features. New queen sleeper sofa in living room. Fire ring on site for bonfire and marshmallows. DirectTV in living room and bear bedroom, DVD/CD player, wood burning stove, washer and dryer in cabin.

You're only about a 10 minute drive to town, grocery store, restaurants and shops. Hayesville and the surrounding area has some very nice attractions: John C. Campbell Folk School, Peacock Playhouse, Harrah's Casino in Murphy, Nantahala National Forest, National Possum Drop at Clay's Corner on New Year's eve, lots of cute shops in town and in Hiawassee (15 min away), great restaurants - and of course Lake Chatuge, golf courses and many other treasures of the area.

Or... you can just hang out at the cabin for the most peaceful and tranquil stay of your life!  
It's a beautiful, quiet place to be here.
