Due to a lay off from work, I am seeking someone to take over my lease. It is at The Cliffs I in Fayetteville and my lease runs till December of this year. It is a 2 bedroom, 2 bath apartment, with TONS of closet space. It has brand new carpet and paint. It is also above a model unit, which means that you have no one living under you-so you don't have to worry about being too loud. The rent is \$595. I can give more details of you contact me, or you can go to the website for the apartment complex. I am located directly behind the office building-so you will have close access to the pool and other amenities. I am hoping to have someone take this over and to be out by the 1st of August. It does have a washer and dryer in the.
