Hello:

My name is Mojo (white color) and I am looking for my brother (light brown color) who was lost on 15 Nov 2013 in Menlo Park area (nearby Stanford Linear Accelerator Center {SLAC}). Max was found by a nearby hotel security guard but then ran away within the hour (left his collar with name tag). If found, please contact me with a current picture of Max and an award will be settled. Thank you for your help. v/r.
