

Hand carved wood dragon cane Indonesian Art (25 USD)

Location **California**
<https://www.genclassifieds.com/x-528798-z>

This is a brand new handcarved cane which I believe was made in Indonesia, I forget exactly where they said its from. I bought it from a specialty store on la Brea that sold cool furniture from around the world. It was \$85, and I never let anyone use.
