OnoScapes ~ Hawaiian Edible Landscaping & Permaculture Design

Own a successful turn-key organic business!

Hawai'i registered Trade name "ONOSCAPES" and domain name for sale. [www.onoscapesc.com](http://www.onoscapesc.com)

See our work at Island Naturals, Seaview Waterfarm, Hawaiian Sanctuary and more.

Join the revolution and grow yourself a sustainable business growing food not lawns!

We provide complete training from the ground up, to operate your own OnoScapes Edible Landscaping Services. A proven successful, Turn-key business opportunity.

Our instructors are interviewed on Hawaii public radio and video, including John Kohler's "Growing Your Greens" and are natural farmers, permaculturists, scientists and agricultural teachers for public schools. Check out our videos and links.

OnoScapes provides community services and give back to our land. We work with "Let's Grow Hilo" a volunteer group formed by one of our instructors, Drake, creating edible landscaping in Hilo Town, check out some of our work at the bay front median, in front of Abundant Life foods. <http://letsgrowhilo.com/>

OnoScapes featured on Hawai'i Public Radio "Conversations" <http://hpr2.org/post/future-jabsom-kauai-chorales-heart-and-soul-constitutionality-sit-lie-bill-permaculture>

Small Scale Permaculture Eco Farm in Tropical Paradise John Kohler from <http://www.growingyourgreens.com/> visits a permaculture oasis in the tropics. In this episode, you will discover how the land owner has a full permaculture food forest with an abundance of fruits, vegetables, leafy greens, beans and more without doing ANY work.  
.....Finally, you will learn how the property owner was able to get a complete turn-key permaculture food forest on his property without lifting a finger as well the best question to ask a permaculture designer if you are considering hiring them to install your garden. <http://youtu.be/swW98MxJJE>

Free community classes offered by OnoScapes
