

Drupal Tutor Needed (Omaha)

Location

Iowa

<https://www.genclassifieds.com/x-529237-z>

I would like at least one hour of tutoring in Drupal content management system so I can run my website. I have 3 basic pages of text, but I need someone to teach me more advanced functionality, including: adding new "blocks," routing messages from my contact form, defining auto-replies to my contact forms, e-commerce, etc.

I will pay \$20-\$25/hour for the initial consultation depending on your qualifications and Drupal experience, with perhaps more to be.
