Looking to hire a professional face painter for your upcoming event???  
 I am a face painter for birthday parties, carnivals, fairs, corporate events, family reunions, craft fairs, amusement parks and more...

Face Painting is a wonderful way to add fun and excitement to any special occasion especially children's parties!

I use only the highest quality hypoallergenic, non toxic and designated 100% FDA compliant, water-based theatrical makeup, made specifically for skin. It has brilliant colors that shows up on any skin color, doesn't smear, itch, or crack, and stays on all day! and yes, they are also easy to wash off with soap and water. I also add glitter to all of my designs for some sparkle!

Glitter tattoo- The glitter sticks to the skin using a safe and hypo-allergenic, non-toxic, non-latex-based body-adhesive that is made especially for the skin ONLY. Rhinestones and hand-applied accents can be added for extra-cool effects. These water-resistant Glitter Tattoos take a couple of minutes to apply, and can last up to 7 days- even after swimming! If necessary, Glitter Tattoos can be easily removed with rubbing alcohol or baby oil.

contact me today to check pricing & availability and get any of your questions answered!
