## SoulIndieSpontaneous Vocalist seeking band members (MD, DC, VA)

Location Washington https://www.genclassifieds.com/x-529450-z

Hello! I am a young vocalist - No musical training.. just a gift. I want to venture out more and see where this can take US. I have a wide musical interest but I am focusing more on soul/indie/spontaneous sound. I love to have the band freestyle and I sing spontaneously. I believe the best songs are birthed in a atmosphere with no boundaries. A few artist I love to vibe to are Erykah Badu, Jill Scott, Corrine Bailey Rae, Daughter, Alina Baraz .. list goes on. You don't have to have a specific style .. as I am open to ALL styles, even rock Lol. However, please bring your best and creativity.

Oh .. and I have many connections and marketing friends - So if this picks up, GIGS and SHOWS should be easy to.
