Personal swim lessons for all ages. Whether you are looking for competitive technique improvement or beginning swimming essentials, a personal swim instructor in your preferred setting gives one-n-one attention that is geared towards your skills that allows you to learn at your own pace without the fear of overpaying. I have been a swim instructor for the past seven years in both Arizona and California (Water Works Aquatics and Chandler Aquatics Mesquite Groves). I swam competitively in college as well as played water polo so I am used to the competitive level if that is what you strive towards. Also working in California I taught adults who had never swam before, group lessons, as well as toddlers and babies. My vast experience and ability to cater to different levels of swimming is what makes me a great swim teacher.

I teach private lessons. Feel free to contact me by text or by email if you would like to improve your essential water skills this!
