Hi we are seeking a bass player for our band. We are all well seasoned players in our 40's-50's but play with plenty of energy. Our music is mostly originals in a blues-rock-punk-funk kind of way.

We rehearse once a week, and plan to gig when things have tightened up (a bit). One or two gigs a month is the goal. Not looking to hit the road, just want to have as much fun as possible with a good group of friends.

We are all super nice peeps with no major vices, you should be too!
