

Looking for Lawncare business partner

Location **Mississippi**
<https://www.genclassifieds.com/x-530158-z>

I'm looking for a business partner to team up with me and my lawn care business. I have acquired over 50 residential accounts and I want to keep growing. I either need to hire a part time guy or team up with another lawn care person and continue to grow. I mainly cut in the orange grove Gulfport area. I run all commercial equipment and would like my potential partner to have equivalent tools. Please feel free to call or text anytime.
