Learn real estate investing while getting paid...We need help finding houses, I'll pay you. (and train you)

I need to buy (2) houses this month, and many more next. So I need people I can trust to help me find properties for sale that we can buy.

This is a simple task with lots of profit potential because I'm paying you to just help me find deals that we buy.

You see I can't get around to all the areas in St Louis but we buy properties all over the area.

That said. . . I need your help!

Get paid to find properties we can buy. . .and close on.
