

Design, Engineering, CAD, amp BIM (Clark)

Location **New Jersey**
<https://www.genclassifieds.com/x-530407-z>

An engineer in New Jersey, I have a wealth of experience in Architectural / Engineering industry with high-volume AutoCAD and Revit skills.

My background includes work for both a design consulting firm and a local developer on residential, commercial, and industrial projects.

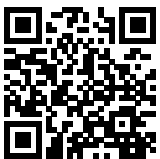

I also produce drawings for product development (inventions, prototypes, devices / mechanisms, etc.).

My services include:

- Buildings: Design and drawing production for planning, permitting, and as-builts (unlicensed)
- Buildings: 3D Models for design visualization and concept testing
- Buildings: Surveying and Site Reports (unlicensed)
- Product Development: Drawings for prototypes, patents, and concept testing
- General: AutoCAD and Revit support
- Referring contractors and other relevant service providers

If interested, email me with your scope of work and price range so that I can develop a proposal.
