

ISO part time childcare provider (Meridian)

Location **Idaho**
<https://www.genclassifieds.com/x-560420-z>

I am looking for a child care provider. I need of someone to watch my daughter on Tuesdays. You can either watch her at our home or if you live close enough yours (11:30 am-1:15 pm) or you can meet us at our destination off of Meridian rd and victory and watch her in the waiting area from 11:45-12:45. We also would be interested in date nights as well. Please email me with a short bio, related experience, and desired pay rate. Thank you. This position may have more hours in the future.

CPR & FirstAid preferred. No experience, however it is preferred.

My daughter

My daughter is 4.5 years old, she has sensory processing disorder and can be very random. She is generally very sweet and cooperative, however she is a ball of constant energy and she doesn't slow down. (She is suspected to also have ADHD and auditory processing disorder).

Please look at the following webpages before applying to make sure you understand the needs of this position.
