

# Cleaning, Laundry, Grocery Shopping, and Meal Prep (Meridian)

I am looking for someone to clean my house, do laundry, grocery shopping and meal prep. I'm guessing this would be about 8 hours per week. Splitting it up between two days would work or all at once.

I'm not as concerned with the hours as I am that the work is done well.

Also, the pay per hour would be negotiable. If interested, please respond with expected compensation (pay will be cash), qualification, references, and any questions.

Thanks
