

# Jazz, Saxophone, Music Theory Lessons (Princeton Area)

Location **New Jersey**

Hello,

I have available spaces in my studio to teach jazz, sax, and music theory lessons beginning ASAP.

I have experience teaching all levels from beginners to college music majors.

I have my bachelor's and master's degree in jazz saxophone.

I can prepare students for region and all-state auditions, college auditions, the AP Music Theory exam, or teach students how to play jazz and improvise.

Serious students only. Daily practice is required.

Rates are competitive.

Thank you,

Chris Kosar
