Hi All!!!

We are looking for a lab puppy willing to pay a rehoming fee. Male or female is ok

Also puppies only as I do have a son and prefer a puppy

Please feel free to email me pics and pricing to rehoming along with your contact information. I refuse to give my number on here again too many scammers.

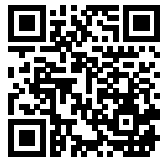

Also please do not contact me preaching I am not on her for that and could care less what you think I should be doing such as adopting) Thank you

We hope to welcome a new puppy to our family, if you do not have a puppy now but a litter please let me know what the deposit amount will be.
