We are sadly having to rehome our female Cane Corso also known as the Italian Mastiff. She weighs about 115lbs, She is a fawn with black mask and 3 years old. She is double registered AKC and ICCF. She has never been bred. We just moved about a month ago out to a small farm and she is having terrible allergies to everything out here grass, pollen etc. She has been having to be on benedryl twice a day just to keep her from getting worse reactions to everything and so for her own benefit we are sadly having to rehome her to someone who can give her a good home absolutely NO outside homes. These breeds are very expensive and we have so much money wrapped up in her but are willing to take a huge loss so she can find a more suitable home and so she will not be so miserable. She is an absolute sweetheart and loves everyone! She doesn't have a mean bone in her body. She never runs off always right by you at all times she listens very well and loves to be cuddled and loved on. She does great with cats and dogs of all sizes as well as loves all kids!! Our boys are 4 and 11 and she is their little shadow. She is very docile and a great alert dog! She is up to date on all shots won't be due again until March 2016 and microchipped as well. We are asking a very reasonable rehoming fee to the right family. If you are interested in her please call or txt
