

# Professional Retouching and Photoshop Artistry

Location **New York**  
<https://www.genclassifieds.com/x-560824-z>

No nonsense, professional retoucher at your service. I'm from the old school of Photoshop and do not use automatic filters or cookie cutter plug-ins that make people look like plastic mannequins. Visit the web address below to see further examples of my work. I'll be happy to look at any images you have and provide feedback and pricing options.
