If you want something I'll pull it off for you!

I've got a front end off a custom 1974 cb750 with dual reverse brakes, most everything on this is new and i have all receipts if you want to see them. I would love to sell it all as one but I may separate it so just ask me. the bottom triple steering stop on one side is broke and would need re-welded or replaced. everything else works GREAT the stopping power with this set up is a amazing. if you have other questions just ask.

asking \$700 for the whole setup

New Items

- Fork tubes \$125
- Brakes and calipers \$125 each
- Progressive springs \$80
- rotors resurfaced \$50
- Tire Battlax BT45
- seals
- Wheel was pulled and everything replaced bearings and all
- Brake line is from slingshot and run about \$130 new would sell for \$50

if you need
any more
parts or
a powered cover

would work for any CB750 from 1969
