I have a 1994 jeep wrangler 4 cylinder 5speed. The 4 cylinder is a newer one along with a rebuilt ax15 5 speed transmission and an upgraded Dana 44 rear has a Detroit locker in rear open front axle has alot of new parts and upgrades. Has the slip-yoke eliminator kit in the t-case new custom rear drive line new heater core and radiator ,5 new matching wheels the spear tire is new never seen pavement the other 4 tires are about 75% ,custom Flowmaster exhaust I'm sure there is other things I'm forgetting. Has a new 600 dollar smitty-built winch bumper and new 450 dollar 9500 pound winch and a 400 dollar optima yellow top deep cycle battery.have extra stuff for it . I'm asking \$5500 obo which is a very fair price considering all the work that's been done and looking at other jeeps that are listed it runs and drives great it's my daily driver. If I don't get full asking price I'll keep new winch and bumper and put stock bumper back on depending on price may also keep the optima battery . If your interested make offer and we can negotiate \$5500 obo my names bill my cell #is

text is best way to contact me because of my work schedule. Also has custom rear bumper with tow hitch and custom side step body
