I help people who want to be life insurance agents and build a business.

I have the tools and the LEADS to get you started fast and making money.

Work with companies like Mutual of Omaha and TransAmerica.

We specialize in Mortgage Protection, Life Insurance and Annuity Sales.

We mail homeowners who have just purchased a new home, refinanced, had a baby, or got married.

If they are interested, they will fill out their name, contact numbers, height, weight, DOB, if they smoke, their spouses info, sign it, and send it back to us.

You will help them apply for Life and/or Disability insurance based on what fits their budget.

100% commission -- about \$400-\$500 per sale. Can make as many as you want. NO CAP.

I pay your resident appointment fees with our carriers.

Travel or don't travel. Up to you.

No experience? I provide the training.

Not licensed? I can help get you into an online school and pay part of your license fees

Basically, Your job is to call the homeowner that has requested coverage; set the appointment, help them apply, and get paid. NO bait and switch. NO cold calling.
