Need someone sometimes more than less, let's say occasionally. Need you to live close to me as at times need a last minute short errand or possibly only an hour or so in home. Also will have times we plan for longer time, such as 4 hours cleaning. Won't get rich, more some spending $.

I can take care of my everyday needs at times, other times unable due to a physical disability that limits me some times more than others. Good for a stay home lady, or person needing extra $ from time to time.

Must be reliable, sensible, honest, know how to clean and to shop for me. Happy attitude and understanding is a must. Probably will need to clean litter at times for 3 cats. Just a possibility but know now. Good work ethic a must, no matter what the job to be done. Able to tolerate cig. smoke . Limited income, so li. If I have it and yomited to paid helpu have done well accomplishing the current job, I pay bonus $.

Examples of job. A planned ahead home cleaning for 4 hours or maybe doing laundry, cooking me a simple meal and taking out trash. Last minute call to pick up a prescription, or to buy 2 needed items at grocery store. Possibly giving me a ride to Dr. planned ahead.

Hope I have covered enough info for you to know if your interested. Working for me isn't a high paying job, however it must be done right. When I have it, I pay extra, $12 an hour for home. $10.50 an hour for errands. Please include a phone no. and best time to reach you.

Thank you for your.
