

Looking for pain management (100 USD)

Location **Pennsylvania**
<https://www.genclassifieds.com/x-561194-z>

I have Two herniated discs in my lower back from a work related injury, my health insurance doesn't kick in for a year after you start and I'm going on 10 months so I have little more then 2 months to go. I'm looking for anything to ease the pain while I'm at work as I can't afford to take off any days, any help is much appreciated thank.
