Excellent condition, recently retubed, no issues, kicks ass!! 7/15 watts switchable, and has stand by, very loud for 15, and easy to dial in a quiet level for bedroom playing.  
I'm putting all amps i don't use up for sale, getting cluttered here...I also have a Trace Elliot Velocette and a Vintage 6L6 head which will get listed separately...  
This comes with a padded carry case and power cord, you can demo it here through my 212 cab...First \$500 takes
