Hello, my name is Cory.

I am in the Shawnee/Tecumseh area and am trying to get back to Orlando FL. I have a friend with me and our initial plan was to come to Oklahoma with our trailer and tools to get some work will in the state. We ended up staying here longer than expected due to the truck we are driving breaking down which is causing us to fall behind on our bill money as well as the money we'll need for gas to get back to FL.

We have a huge double axle trailer, multiple Stihl chainsaws ready to work, just no truck at the moment to pull it.

We both know how to do many different types of work.

Feel free to contact me at

Any work will be beyond appreciated.

Thank You.

By the way, we are both 20 years old with valid drivers license, and both know how to operate a standard transmission
