

Need ride to Florida asap

Location **Oklahoma**

I have \$160 to use towards gas to get to Orlando FL.
I also have a dog that weighs about 50 pounds but is harmless. I have actually been trying to get a ride home for weeks now but no luck. I'm 20 years old and am just trying to get back to my life in Florida.

I have a valid drivers license, also know how to drive a standard transmission vehicle and have drove across the states multiple times so long drives are no issue for me.
