I am offering lawn cutting in the Mayfair area. I live in the area and I am looking for people around the Frankford/Cottman area who need their lawn cut.

I would also be available to maintain your lawn for the entire spring/summer season.

My rates, depending on the property, may only run about \$10-\$15. I have been cutting lawns in the area for a few years, and know the size of most lawns in the neighborhood.

I can be contacted by phone (no texts please, home phone#) @ or by email. In most cases I can be there in the same day.

Thanks,
