I am looking for a hard working, super responsible, extremely reliable and very focused person to become my right hand person. You will learn painting and wall repair, as well as other aspects of home remodeling. Don't bother contacting if you can't get to work on time and can't stay off your phone. Wanting money and a job is not a qualification. Wanting to learn a valuable trade is. Train for 20 hours at 7.50/hr. It goes to 8 if I keep you. 8.50 - 9.00 within a couple months. Leave a v-mail on my phone and include name, number and any experience. If you're lazy and can't stay off your phone, don't bother. I will get a bunch of calls so tell me why I should be interested in you. I could care less about age, sex, race or sexual preference. Responsibility and a great work ethic impresses me. I'm easy to work for and you may end up with more work.
