I am a drummer working with a vocalist and we are in need of another guitarist, bassist, and keys, possibly a DJ. We are professionals with decent equipment and have recording experience. We ask you also to have good experience, equipment and songwriting skills as well. I am 22 and would like everybody to be close to this age or younger (Mainly due to amount of time we want to put into this). We are going for songwriting at the most. But we perform alternative rock with hip hop in the mix.

Our musical influences:

- Modest Mouse
- Pavement
- Kanye West
- Arcade Fire
- Radiohead
- The Beatles
- Notorious BIG
- Queens of the Stone Age
- Red Hot Chilli Peppers
- Coldplay
- Bob Dylan
- Eminem
- Band of Skulls
