

## BOOMAUDIO person needed (3 USD)

Location **Washington**

I'm looking to recruit a boom/audio person for a corporate video in Seattle. The shoot is Wednesday July 15th from 9:45 AM - 12 Noon.

We will be shooting a roundtable discussion using a mix of lavs and boom. You'll need to mic a person, operate boom and record sound. If you have your own equipment, that's a huge plus!

Please attach a brief resume and work reel (if possible).

Thank you so!
