I need someone to come empty my kitchen and pantry then reload it all in an organized way.

I have a basic idea where I want everything to go but I need an EXPERT.

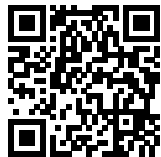

I would expect this will take about 2 hours to unload and 2 hours to reload, plus 1 hour to label if possible. My kitchen is only 8 feet by 8 feet. with 1 Ikea shelf outside of it used as a pantry.

Please send me your hourly rate.

Thanks! Monica
