Greetings!

Offering my DJ services for venues, parties, weddings, etc.

My DJ name is, Indica Jones. Google me.

I've been djn for over 2 decades with over 1000 shows played. I play almost every genre and you can Google me to see listing of prior shows. I've worked with countless acts and have played every major venue in Washington state and have played every festival. I am not a novice DJ. I do this for a living.

My rates:

Venue, party: \$350 for up to 2 hours. \$150 an hour after that.

Weddings: \$600 up to 2 hours. \$300 an hour after that.

As per weddings. I bring my own equipment with a wired mic for song shouts and general speaking. I don't bring lights, etc. I can refer you to a DJ if you need lights. He starts at \$2500 and goes to \$6000 depending on what you need.

For any event. I am willing to travel 15 miles from where I live, which is Mountlake Terrace. Outside of 15 miles is a \$50 additional charge.
