Car not starting? Engine making uncomfortable noises?? ..or do you need miscealanous work done to your vehicle? Call me Stan the mechanic! I have been working on cars since i was a kid and have always enjoyed my time spent with these machines. Many mechanics manipulate you into believing their work is trusted..but can there work back their words up? I do this because it is my hobby and part time job, not because i must. -Free estimates and diagnostics. VERY fair pricing. 24/7 Day or night, rain or shine. I come to you!
